

The ABC research group invites you to a flow cytometry seminar

Join us for exciting talks on neuroscience & broader flow cytometry applications!

Ms Lotte Carr

*Flow Cytometry Scientific & Technology Platform,
Francis Crick Institute, London*

“Flow Cytometry:
Focusing on cells one by one”

Dr Ana Agua-Doce

*Flow Cytometry Scientific & Technology
Platform, Francis Crick Institute, London*

“A collaboration between
Scientific platforms to solve an
immune problem”

Dr Tim Reid

*South African Tuberculosis Vaccine Initiative,
Institute of Infectious Diseases & Molecular
Medicine, Cape Town*

“UCT IDM Flow Cytometry and
Sorting Core Facility”

Neuroscience Institute Auditorium
Food & drinks will be provided

Monday, 5 December 2022
from 10AM-1PM
