

SAVE THE DATE

Join us for the first annual Multi-Institute Symposium, showcasing research conducted in the IDM, Neuroscience Institute, Cape Heart Institute, and Lung Institute. This event aims to promote inter-institutional collaboration, innovation, and networking, and will feature:

- Café-style discussions with researchers
- TED Talk-format sessions and panel discussions on inflammation research
- A showcase of cutting-edge technology platforms
- The Harmonizing Collaboration Mixer featuring music from the various Institutes
- Announcement of a new stimulus award for UCT researchers

hosted by:

in collaboration with :
